

# The American Turmeric Company

## HEAVY METAL TESTING – TURMERIC

We regularly test our turmeric for heavy metals. A copy of our latest test is attached. We certify that the turmeric product which is provided to you is the same product to which these tests pertain.

### TEST RESULTS:

The following six “heavy” metals are included in our tests:

- Iron
- Lead
- Mercury
- Nickel
- Zinc
- Arsenic

We hereby certify that the tests results shown on the attached page are from the turmeric which we are currently making available on our website. We further certify that we have not added any fillers or other material to our products that are not clearly stated on the product label.

New Test  
Results

### Analytical Results

Analyte	Results	Units
Lead	<0.015	ppm
Cadmium	<0.015	ppm
Nickel	0.556	ppm
Arsenic	1.050	ppm
Zinc	0.015	ppm
Iron	4.71	ppm

This indicates that the  
amount of lead was  
just "Too Small to  
Measure".
